

# Keeping Kids Safe Project

at

## Friendly Ford

### 333 E Irving Park Rd, Roselle

Saturday October 14<sup>th</sup> 10:00am-4:00pm rain or shine

### Free Health and Safety Fair

**Who:** Parents and children of all ages are invited to this event. The Keeping Kids Safe Project is one of the top child safety programs in the country and is being joined by great local organizations. All activities including fingerprinting are FREE. **Even if you have had your child fingerprinted in the past it is always good practice to get an updated record every few years.**

**Why:** Many Children are reported missing in the US each year. Some are found within minutes or hours. Law enforcement officials all agree that time is critical in the recovery of a missing child. One major source of wasted time is in the gathering of resources, fingerprints, statistical information and photographs. This can be avoided by providing a pre-made record to the authorities.

**What:** This Keeping Kids Safe Project community health and safety fair will be providing FBI quality digital fingerprint records for children. The digital scanners capture high quality fingerprint images that are printed on a record and then provided to parents for safe-keeping. The only record is sent directly home – no personal information is shared or kept. In the case of an emergency, parents are able to turn this over to authorities anywhere in the world to instantly aid in the investigation, saving crucial time and resources.

# FRIENDLY
