	DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION New Provisions in the School Code, Section 17-1 (105 ILCS 5/17-1)										
3	Instructions: If the Annual Financial Report (AFR) reflects that a "deficit reduction plan" is required as calculated below, then the school district is to complete the "deficit reduction plan" in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2013 annual budget to be amended to include a "deficit reduction plan" and narrative.										
	The "deficit reduction plan" is developed using ISBE guidelines and format in the School District Budget Form 50-36. A plan is required when the operating funds listed below result in direct revenues (line 7) being less than direct expenditures (line 8) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 10). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.

A suggested format for assigning reference numbers is to use the last two digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2003 would be assigned a reference number of 02-01, 02-02, etc.

Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.
