IMPORTANT INFORMATION ABOUT REGISTERING YOUR STUDENT

The enrollment of your student is not final until all required paperwork has been completed. You will be contacted by your assigned school if your paperwork or information is incomplete. Therefore, it is important your contact information is accurate and is kept current.

Remember: Only students who are residents of the District may attend a District 59 school without a tuition charge, except as otherwise provided by law. A student's residence is the same as the person who has legal custody of the student.

Please be advised, Board of Education Policy authorizes verification and investigation of residency for new students and returning 3rd and 6th graders, which includes the services of a private investigation service.

We encourage you to become familiar with District 59 and our schools by visiting our website at www.ccsd59.org or contacting your school.

IMPORTANT INFORMATION REGARDING ILLINOIS CERTIFICATE OF CHILD HEALTH EXAMINATION FORM

Dear Parent/Guardian,

The Illinois School Code requires that all children entering kindergarten or the first grade, or enrolling in an Illinois school for the first time, regardless of the student's grade (including early childhood, special education, and student's transferring into Illinois), have a physical examination within one year prior to entry into school. There must also be documented evidence that each child has received all required immunizations.

Attached is a Certificate of Child Health Examination form. Please be sure the following information is completed on this form before it is returned to school:

- The student's name and information should be entered on both sides of the exam form.
- **Immunization History** must include specific dates. A health care provider's signature is required to verify the immunization dates.
- The **Health History** (on the back) must be completed and signed by a parent/guardian.
- The **physical exam** must be completed, dated, and signed by a physician, nurse practitioner or physician's assistant.
- Approval to participate in **Physical Education and Interscholastic Sports** near the bottom of the page must be checked by the physician. Modifications must be specified.

The only exception to this requirement is based on religious objection or medical contraindication for your child. However, proper documented evidence must be submitted to your child's school health office.

If, for any reason, you are unable to comply with the state requirement, please contact your child's school health office as soon as possible.

We appreciate your cooperation in this matter.

Denise M. Webster, BSN,RN, PEL-CSN
Health Coordinator, District #59

PROOF OF SCHOOL DENTAL EXAMINATION FORM

Illinois law (Child Health Examination Code, 77 Ill. Adm. Code 665) states all children in kindergarten and the second, sixth and ninth grades of any public, private or parochial school shall have a dental examination. The examination must have taken place within 18 months prior to May 15 of the school year. A licensed dentist must complete the examination, sign and date this Proof of School Dental Examination Form. If you are unable to get this required examination for your child, fill out a separate Dental Examination Waiver Form.

This important examination will let you know if there are any dental problems that need attention by a dentist. Children need good oral health to speak with confidence, express themselves, be healthy and ready to learn. Poor oral health has been related to lower school performance, poor social relationships, and less success later in life. For this reason, we thank you for making this contribution to the health and well-being of your child.

To be completed by the parent or guardian (please print):

Student's Name: Last First Middle			Birth Date: (Month/Day/Year)
Address: Street City ZIP Code

Date of Most Recent Examination:_____ (Check all services provided at this examination date)

☐ Dental Cleaning ☐ Sealant ☐ Fluoride treatment ☐ Restoration of teeth due to caries

Oral Health Status (check all that apply)

☐ Yes ☐ No **Dental Sealants Present on Permanent Molars**

☐ Yes ☐ No **Caries Experience / Restoration History** — A filling (temporary/permanent) OR a tooth that is missing because it was extracted as a result of caries OR missing permanent 1st molars.

☐ Yes ☐ No **Untreated Caries —** At least 1/2 mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pit and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present.

☐ Yes ☐ No **Urgent Treatment —** abscess, nerve exposure, advanced disease state, signs or symptoms that include pain, infection, or swelling.

Treatment Needs (check all that apply). For Head Start Agencies, please also list appointment date or date of most recent treatment completion date.

Eye Examination Report

Illinois law requires that proof of an eye examination by an optometrist or physician (such as an ophthalmologist) who provides eye examinations be submitted to the school no later than October 15 of the year the child is first enrolled or as required by the school for other children. The examination must be completed within one year prior to the first day of the school year the child enters the Illinois school system for the first time. The parent of any child who is unable to obtain an examination must submit a waiver form to the school.
