Live Attend Matrix

The following tables display where students live and attend relative to school zones. The schools of attendance are listed on the left while the zones are listed on the top. This student data is from the October 1, 2021, Consolidated Community School District 59 student database.

The first column of numbers to the right of the schools of attendance represents the number of students enrolled at each given school. The first row of numbers below the zones represents the total number of students living inside of each given zone. The green-colored numbers represent number of students who attend the school of the zone in which they live. All other numbers represent students who attend school outside of the zone in which they live. The bottom row represents the number of students that "Live-In and Attend-Out" by school. The blue-colored cell shows the total number of students that "Live-in and Attend-Out". The farthest right column represents the number of students that "Live-Out and Attend-In" by school. The orange-colored cell shows the total number of students that "Live-Out and Attend-In".

2021-22 Capacity, Official Enrollment, and Building Utilizations

The following document contains a series of tables of statistics for current schools and boundaries that are being evaluated, including enrollment and utilization statistics. The current student enrollment numbers were derived from the district's 10/01/2021 student database.

Glossary of Terms

Capacity - The number of students that can be safely accommodated in each physical school building.

Utilization - The total enrollment divided by the capacity, described as a percentage.

Live-in students - Students residing inside of a school attendance boundary, regardless of where they attend school.

Live and Attend students - Students who attend school in the zones in which they reside.

Live Out Attend In students - Students that live outside of their attending school's zone boundary but reside within the school district boundary.

Out of District students - Students that live outside of the school district's boundary.

Unmatched students - Students not able to be located by the GIS.
