WINTER BENCHMARKING REPORT

BOARD OF EDUCATION PRESENTATION - 2/14/2022

2021-22 Winter Benchmarking Update

CCSD59 FIVE-YEAR STRATEGIC PLAN

GOALS/STRATEGIES	KEY PERFORMANCE INDICATORS	YEAR 1 STATUS	YEAR 2 STATUS	YEAR 3 STATUS	YEAR 4 STATUS	YEAR 5 STATUS
GOAL 1 STUDENT GROWTH AND ACHIEVEMENT	80% or more of all students will demonstrate growth and have their learning needs met through the District's universal core curriculum as measured by placing at or above the 25th percentile on benchmark assessments.					
READINESS/ACHIEVEMENT/PROFICIENCY/GROWTH		In Progress	In Progress	In Progress	Implemented with Monitoring	Implemented with Monitoring
CURRICULUM CLARITY	*Priority Focus 2021-22: Math Implementation	In Progress	In Progress	In Progress	Implemented with Monitoring	Implemented with Monitoring
ALIGNED ASSESSMENT SYSTEM		Exploration	In Progress	Implemented with Monitoring	Implemented with Monitoring	Implemented with Monitoring

WINTER BENCHMARKING OVERVIEW:

- Assessments Utilized & Purpose
- Results
- Data Use
- Reflections
- Next Steps

WINTER BENCHMARKING ASSESSMENTS

iReady: Grades K-8 Math & Reading, End of Year Common Core State Standards (CCSS) aligned, grade level assessment

- Identifies the specific skills each student needs to develop, each student's areas of strength, and measures academic growth
- Provides instructional groupings recommendations for grade levels/classes and strategies/resources for teachers
- Sets typical and stretch growth targets & provides status updates at each benchmark
- Prescribes a personalized instruction path & provides access to regular updates
- Supplies data for Branching Minds tier level report and intervention system

READING & MATH PERFORMANCE TARGETS

Strategic Plan Goal 1 - Student Growth & Achievement

KPI: 80% or more of students across all demographic groups will be adequately supported by Tier 1 instruction, as evidenced by the Branching Minds Tier Level Report.

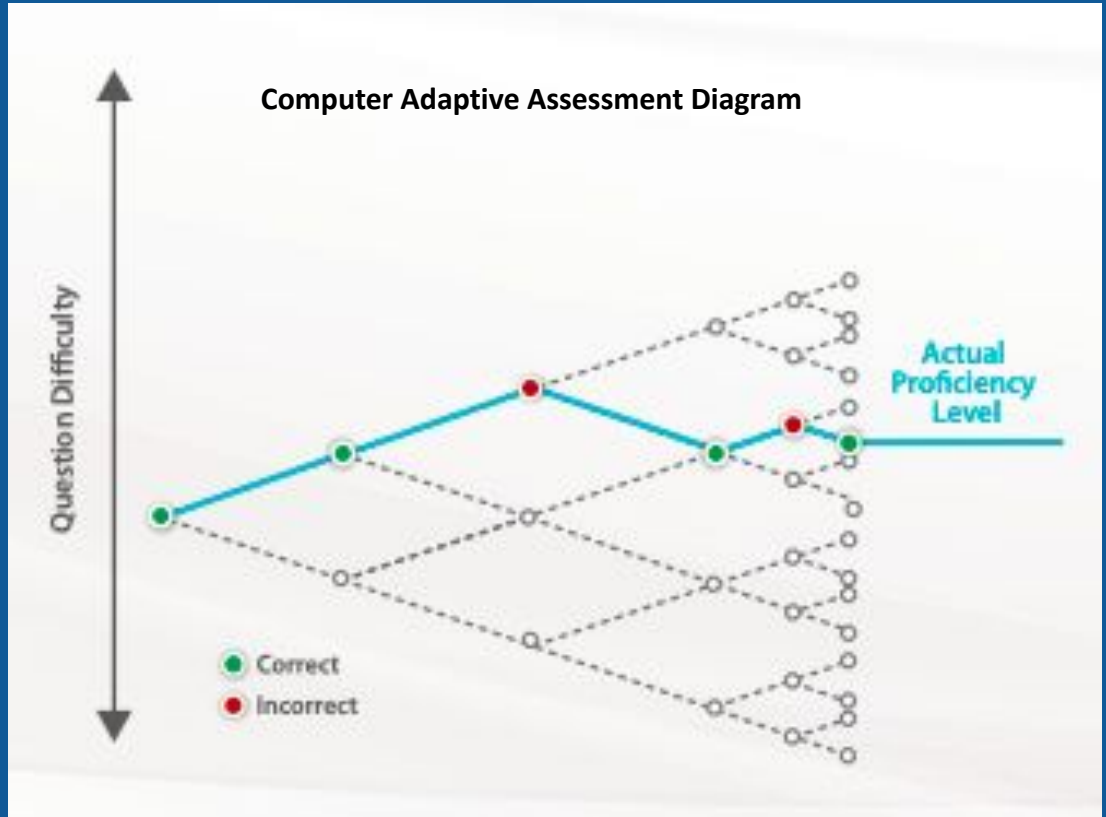

Why - 80% of students supported by Tier 1 (i.e. students scoring \geq 25th percentile) can be viewed as the “Critical Mass” where the core curriculum & instructional strategies are effective in meeting grade level learning for most students.

Practical Handbook of Multi-Tiered Systems of Support 2016
Rachel Brown-Chidsey and Rebekah Bickford

BRANCHING MINDS TIER LEVEL REPORT DEVELOPMENT PROCESS

Students complete the iReady assessment

Diagnostic 2

iReady Student Report

Typical Growth

Typical Growth: The average annual growth for a student at this grade and placement level on their baseline Diagnostic.

Stretch Growth®

Stretch Growth: An ambitious, but attainable, level of annual growth that puts students who are below grade level on a path toward proficiency.

National Norm:
34th Percentile ⓘ

DATA USE: ANALYSIS, PLANNING & REPORTING

iReady DATA USE

District Use:

- Informs the analysis and evaluation of deployed curriculum, instructional structures, demographic/programmatic growth & student supports across tiers
- Provides data for the review and analysis of impact of instructional initiatives (i.e. K-8 small group/WIN time instruction system)
- Updates tier recommendations within the Branching Minds reports for system-level monitoring of progress toward long-term strategic plan goals

Building & Classroom Use:

- Assists teachers and school teams in monitoring growth of building-level goals, prioritizing instruction and supports for students
- Updates students, teachers, and families on student progress toward math & reading typical and stretch growth goals
- Provides ongoing information of student personalized instruction path success and status
- Updates tier recommendations within the Branching Minds reports for building-level analysis, resource allocation needs, and intervention shifts
- Supports the continued development of staff assessment literacy

District MTSS Team Fall to Winter Data Analysis Overview

Department/ Content Area	Analysis Question
MTSS → Math Tier 1 Intervention	Does mid-year evidence support that the WIN structure in grades 3-5 is accelerating growth as intended?
MTSS → Math Tiered Intervention	Does mid-year evidence support that the addition of math interventionists at elementary buildings has increased math achievement?
MTSS → Math Tiered Intervention	How much have we been able to expand our ability to provide math intervention in the elementary buildings?
MTSS → Literacy Tiered Intervention	Has the addition of phonics-specific intervention programs had a positive impact on phonics development in students receiving intervention?
Instruction → Literacy Tier 1	Has the modification in small group instruction time for classrooms to focus on foundational skills impacted foundational skills growth?
Instruction → Math Tier 1	Are increasing percentages of students in identified demographic groups (Hispanic/Latino, EL, low-income) reaching proficiency?
Instruction → Math Tier 1	Does mid-year evidence show growth towards student's stretch and typical growth across all demographic groups? (all demographic groups should be at 50%+ of their typical growth goals)
Instruction → Math Tier 1	Are we seeing consistent growth specific in the areas of Numbers & Operations (NO) and Algebra & Algebraic Thinking (ALG) to support the implementation of Number Corner?
Instruction → Vocabulary Tier 1	Has the focus of content vocabulary instruction positively impacted junior high vocabulary growth?
Instruction → Tier 1 Literacy	Compared to district median growth, which grade levels/schools are showing discrepancy?
Instruction → Tier I Literacy (Multilingual Programming)	Which program model has seen the greatest impact because of the modification in small group instruction time for primary classrooms to focus on foundational skills impacted foundational skills growth?
Instruction → Tier I Math (Multilingual Programming)	Which program model has seen the greatest impact due to the adoption of the new curricular resource, IM?
District / Assessment	What is the correlation between fall to winter Typical Growth and Average Weekly Personalized Instruction minutes
District / Assessment	How do different demographic groups' growth in proficiency compare from fall to winter?
District / Assessment	At what level are students on track to meet their typical growth target in reading and math?

2021.22 Winter iReady Typical & Stretch Growth Goals

iReady Math: 6th Grade Student Report

Diagnostic 2

Typical Growth

Typical Growth: The average annual growth for a student at this grade and placement level on their baseline Diagnostic. ⓘ

Stretch Growth®

Stretch Growth: An ambitious, but attainable, level of annual growth that puts students who are below grade level on a path toward proficiency. ⓘ

Overall

Grade 5 (476)

2021.22 Winter iReady Personalized Instruction Data

iReady Math Personalized Instruction Summary (District)

iReady Reading Personalized Instruction Summary (District)

REFLECTIONS & NEXT STEPS

Reflections

Strengths / Positives

- iReady Math & Reading Achievement results align almost completely in math and very closely in reading) to Illinois & National data
- Consistent growth towards our 80% Tier 1 goal
- Typical & Stretch growth are on track to reach iReady standards
- District, Schools, Teams, & Teachers are accessing the available data to review progress, celebrate successes, and identify opportunities for improvement

Opportunities for Growth

- Results consistently fall below our 80% Tier 1 target
- Results show consistent achievement gaps across demographic groups
- Inconsistent grade level alignment to Math & Reading Domain National norms
- Need to continue to enhance Assessment Literacy (i.e. using data to inform instructional planning & decision making) throughout the district

Next Steps

- Continue to conduct data analysis at the district & school level, while building capacity in the use of iReady & Branching Minds data systems
- Utilizing all available data to support the instructional planning and intervention process
- Use data to assist in planning for the 2022.23 school year
- Continue to monitor & report out personalized instruction status
- Plan & prepare for spring benchmarking in April/May
