\*Parents of new students must prove residency at time of registration. Students will not be allowed to begin school until residency is proven. All students attending CCSD59 schools must be legal residents of the District. Generally, IL law provides that the residence of a student is the same as the person who has legal custody of the student. Registration of a student who is not a legal resident is a fraudulent act. IL law has made it a crime, punishable by imprisonment and fine, to knowingly or willfully present any false information regarding the residency of a student for purposes of enabling that student to attend on a tuition-free basis or to knowingly enroll or attempt to enroll a student on a tuition-free basis when the student is known to be a non-resident of the District. Board of Education policy authorizes the investigation of residency before or after enrollment in accordance with the IL law and may require additional information to be considered in determining residency. Parents/guardians who fraudulently register a student will be charged tuition for the period the student had been in attendance. The District will seek prosecution to the full extent of the law of any person who the District believes has committed any residency-related crime. Additionally, a civil lawsuit may be initiated by the District. CCSD59 reserves the right to evaluate the evidence present and merely presenting the items listed above does not guarantee admission.
