

Scheduling Update

Elementary and Junior High
Master Schedules 2022-23

New Elementary Schedule Features

- Expansion of specials to include separate music and visual arts programs
- Expanded PE to 3x a week to meet state mandate
- More time for daily collaboration for teachers

Elementary Early Successes

- Separate Music and Visual Arts Options
- Increased collaboration and focus on content area and vertical alignment of curriculum and programming
- Expanded opportunities for physical education curriculum and a K-8 scope and sequence established

Jr. High Schedule Features

- All three junior highs on consistent schedule structure:
 - Start/end times
 - Daily check in and check out
 - Consistent instructional minutes per content area
 - Dedicated time for social emotional learning
 - Expanded collaboration/plan time for staff

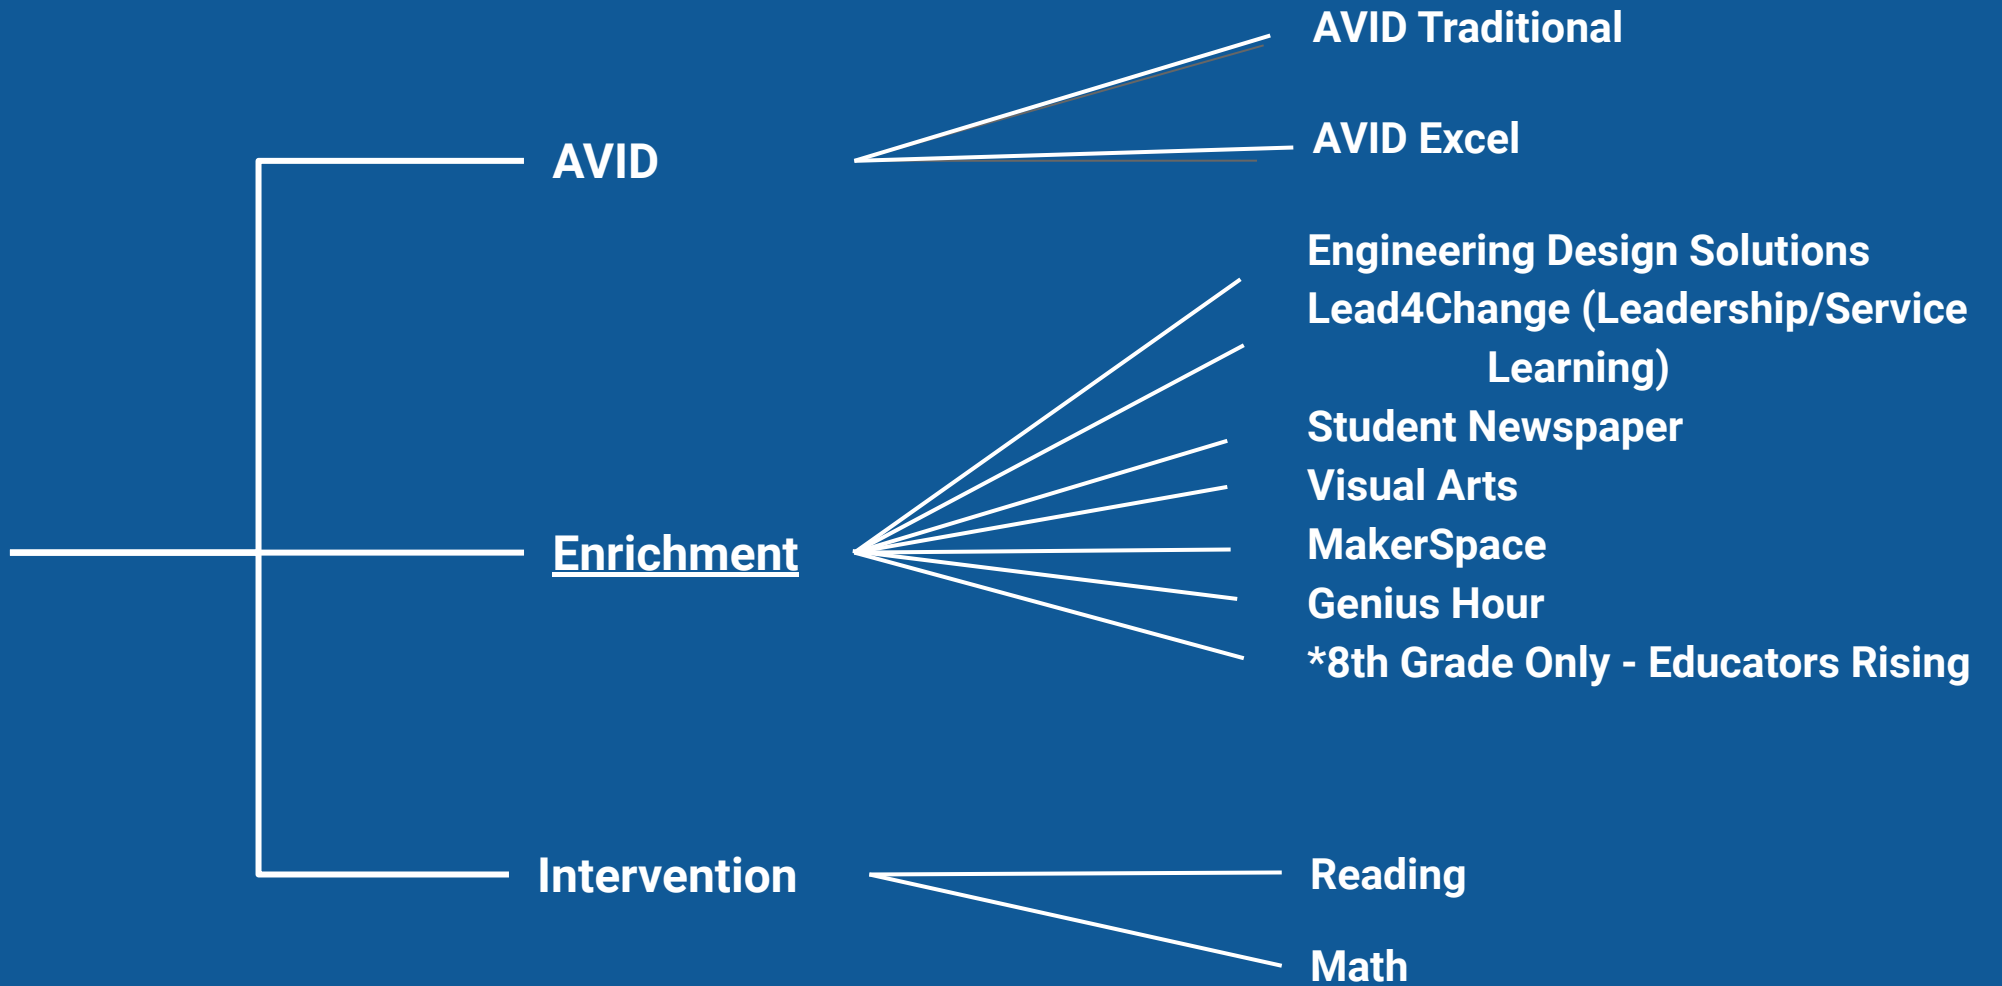

Junior High Early Successes

- All junior high staff trained in WIN before the start of the school year
 - WIN Enrichment courses and district process created by Summer WIN Enrichment Curriculum Team
 - Intervention resources selected and training occurred
- Each jr. high had 2 week intro to the school year curriculum which took place in Win focusing on executive functioning, transitioning to school, digital literacy, CHAMPS, behavior expectations, and student supports.
- All AVID teachers trained on AVID strategies district-wide on common measurable goals set across all three schools
- AVID Family Night #1 occurred at all three schools
- Consistent Curriculum Nights across all three schools

WIN: What I Need

Recognition

- Board of Education, approval of additional staff positions to enhance and provide equity in programming
- Building principals and assistant principals
- Assessment and Instruction Department WIN Intervention planning and training
- Junior High AVID and Enrichment teachers who participated in summer curriculum development and training
- Junior High Teachers for their engagement and participation in opening day trainings and curriculum overviews across all content areas

Next Steps

- Celebrating the successes of change
- Acknowledging and validating the challenges of change
- Identifying areas in need of improvement within the current schedule based on early implementation challenges
- Plan to gather input from staff and families this fall and plan for revisions to the current hybrid block schedule as needed
