# MATH & READING PERFORMANCE TARGETS

Strategic Plan Goal 1 - Student Growth & Achievement

KPI: 80% or more of students across all groups will be adequately supported by Tier 1 instruction, as evidenced by the Branching Minds Tier Level Report.

Why - 80% of students supported by Tier 1 (i.e. students scoring  $\geq 25$ th percentile) can be viewed as the “Critical Mass” where the core curriculum & instructional strategies are effective in meeting grade level learning for most students.

KPI = Key Performance Indicator(s)

Practical Handbook of Multi-Tiered Systems of Support 2016  
Rachel Brown-Chidsey and Rebekah Bickford

| Grove (70)            | 6%              | 36%             | 59%             |
| Holmes (16)           | 6%              | 56%             | 38%             |

2nd Year of ASR and iReady has updated the reporting cut scores. Therefore, as results are not comparable to 2022.23, we are only reporting 2023.24 results.

Only schools with a dual language spanish program access this assessment / Due to rounding, totals may not equal 100% / ( ) Indicates the number of students assessed

# FALL BENCHMARKING REFLECTIONS

# Reflections: Strengths & Positives

- A majority of schools, grade levels, cohorts, race & ethnicity, demographics, and overall results showed positive KPI increases in math from 2022.23 (68.8%) and 2021.22 (93.8%) and in reading from 2022.23 (60.4%) and 2021.22 (77.1%) as compared to Fall 2023.24 results. Over the last 2 schools years 144 out of 192 (75.0%) of the math and reading KPI categories have shown growth.
- Nine of the assessed groups are meeting the 80% KPI Target in math (5) or reading (4)
- 2023.24 Math iReady achievement results outpaced both Illinois & National data, with reading achievement comparing slightly below or aligned to Illinois & National iReady results.
- iReady achievement proficiency increased in a majority (77.1%) of math and reading assessed categories in each of the last two school years.
- A majority of grade level cohorts (78.6%) showed positive KPI & Achievement increases in both math and reading on the fall benchmarks over the last three school years.
- A consistent reduction in the percentage of students 2 and 3 or More Grade Levels Below in both math and reading occurred across the assessed categories. The reduction was especially pronounced over the two-year assessment period for the 3 or More Grade Levels Below categories in Math with a reduction in 81.0% of categories and in the 2 Grades Below in Reading with a reduction in 89.1% of the categories.

# Reflections: Opportunities for Growth & Further Study

- The district and a large majority of assessed categories (schools, grade levels, cohorts, race & ethnicity, demographics) fall below the 80% KPI target.
- Results continue to show KPI & achievement gaps, with some quite significant, across schools & demographic groups.
- While the percentage of students 2 & 3 or more grade levels below continues to decrease and aligns closely with the IL and National data, we need to continue to focus on reducing the % of students in these categories.
- Study the impact of “Newcomer” students on results, needed supports, and structuring.
- Target specific grade level, schools, and/or student groups for additional study when performance is out of alignment with similar school / district results.
- We need to continue to enhance the utilization of available data to support the resource allocation process, especially in terms of intervention structures, class size, and resource staff allocation.

# Reflections: Actions & Analysis

- School based analysis and planning from fall benchmark data has occurred district-wide.
- District MTSS Team completed a data analysis of fall benchmark results with focus on 2023.24 status while also comparing fall results across the the previous two school year.
- District MTSS and Instructional Coaches participated in an fall benchmark data & implementation review with our iReady support and implementation team.
- Utilizing available data and analysis to update and adjust intervention delivery at the Jr. High and Elementary Levels.
- Plan for students performing below grade level who met stretch growth in 2022.23 and monitor projections to meet stretch growth for 2023.24.
